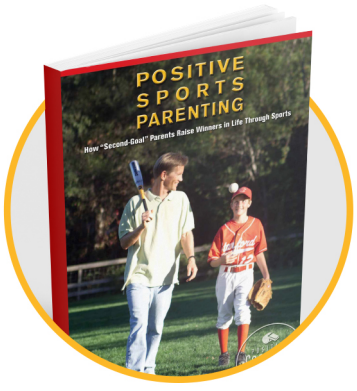
THE SECOND-GOAL PARENT®: Developing Winners in Life Through Sports

SECOND-GOAL PARENT

Everyone wants to win. That's the first goal in sports. But in youth and high school sports there is a second, more important goal: teaching life lessons through sports. In this workshop, sports parents learn why and how to focus on that second goal. This workshop conveys the essence of the philos-ophy and several tips and tools parents can use to help their children get the most from youth and high school sports.

"Parents who attended the PCA parent workshop were overwhelmingly positive on the experience and the value provided. Parents commented that they wished other sports embraced the PCA philosophies."

- Jim Gilbane, Rhode Island Lacrosse



The following book, *Positive Sports Parenting,* written by PCA's Founder & CEO, Jim Thompson, accompanies this workshop.

Please contact your PCA Coordinator to inquire if handouts will be distributed at this event.

Event Sponsored by...

816-729-5355

THE SECOND-GOAL PARENT®: Developing Winners in Life Through Sports draws from the Double-Goal Coach model (winning and life lessons) to help parents focus on the second goal, ensuring their children gain the higher value of youth and high school sports regardless of scoreboard results.
