Instructions:
Scoring each category 1 thru 10, with 10 being the best.
A score of 10 shows mastery of all criteria.
A score of 5 would indicate ability to execute all skills adequately.
Scoring between 6 and 9 are various levels of proficiency.
Scoring between 1 and 4 would indicate working on some or all skills at various stages.

Definitions:
Coachability - Does your player attempt to execute instructions? Is the player attentive, upbeat and ready to play? With good coaching, will this player continue to develop to his/her full potential.
Hockey IQ - Understanding of the game and the rules. Anticipates play, demonstrates savvy. Does not get retaliation penalties, heady player. Always in the right place at the right time, never hurts the team mentally,
Commitment- practice and game participation and attendance
Sorting:
After all scoring is complete, click and drag rows 7-18 to highlight, <Data>, <Sort>, <Column M>, <Descending Order>.
Players will be listed with highest rank on top.

											0.0	

Goalie Evaluation:
Scoring each category 1 thru 10, with 10 being the best.
Most teams only have one goalie to evaluate, so numerical scores are only relative to that player.
Do your best to evaluate your goalie in each category and the information will be used to analyze a particular goalie's strengths and weaknesses.
This form will not be used to compare two goalies unless they are evaluated for the same team, by the same coach.
