	92%	Practice attendance		No	Yes	Yes	Yes	Yes
John Doe	97%	Game attendance	Yes					
	56%	Practice attendance		Yes	Yes	No	Yes	Yes
Call-up # 1	#DIV/0!	Game attendance						
	#DIV/0!	Practice attendance						
Call-up # 2	#DIV/0!	Game attendance						
	#DIV/0!	Practice attendance						

Summary:

1. Insert the player names in each individual line item – Include call-ups at the bottom
2. Update the cells on top indicating whether it consists of an exhibition game, practice or tournament game etc...
3. Insert the date respective to the event using the format (dd/mm/yyyy)
4. Simply update the respective cell with a “YES” or “NO” underneath the date column and in the appropriate cell for “Game” or “Practice”
5. The calculation for attendance percentage will be automatically calculated. Those cells are locked

	#DIV/0!	Practice attendance						
Call-up # 2	#DIV/0!	Game attendance						
	#DIV/0!	Practice attendance						

Summary:

1. Insérer le nom des joueurs sur chaque ligne – Incluant les `call-ups` au bas
2. Mettre à jour les cellules du haut, spécifiant si il s'agit d'une partie d'exhibition/saison, pratique ou une partie de tournois etc...
3. Inscrire la date respective de l'évènement en utilisant le format (dd/mm/yyyy)
4. Il suffit de mettre à jour la cellule respective avec "OUI" or "NON" sous la colonne de la date concernée
5. Le calcul du pourcentage de participation de chaque joueur se fera automatiquement. Ces cellules sont verrouillées. .
