

Williamsport Team

Player Selection Process

2011

Williamsport Manager

As agreed to by the NLL Board of Directors on April 13, 2011, the Manager of the regular season championship team will be the Williamsport Team Manager.

Nominating Meeting

Managers of the four (4) Major League teams, League President and League Player Agent will meet to determine the players who will be invited to play on the Williamsport Team. The meeting will be chaired by the Major League Commissioner. If a Manager cannot attend the meeting, he may appoint a coach to attend in his absence. This meeting will take place on or about, Sunday, June 12th. The announcement of the All Star Team and notification to players may not take place until, Wednesday, June 15th.

Player Selection Process

Players nominated for consideration on the Williamsport Team must be eleven (11) or twelve (12) years of age. Ten year olds may not play on the Williamsport Team. The roster for the Williamsport Team will consist of 12-14 players.

Each Manager nominates player(s) on their team for consideration to the Williamsport Team. After all Managers have completed nominations, any Manager may nominate any player(s) not previously nominated.

At the conclusion of the nominations, Managers vote on all nominated players. Players are added to the Williamsport Team based on the number of votes received. The Major League Commissioner will tally votes during the process. All players receiving four (4) votes are placed on the team. Players receiving one (1) or fewer votes are dropped from consideration.

Discussion follows on how to best fill the roster with the remaining available players. A second vote is conducted. Those players receiving four (4) votes are added to the team. If there are more players receiving the same number of votes than remaining spots, the Managers will discuss remaining players, taking into account the roles needed by the Team. A re-vote among just those players is conducted. The votes continue until a full roster has been selected.
