

December 30, 2011

Here's a quick rundown of what you can look forward to on our new website!

We've moved to the same website provider as the SFC, as well as four of our SFC teams (Rocklin, Whitney, Del Oro and Oak Ridge). As season information is updated on the SFC site, it will automatically be posted on our site! We'll also have better score and results tracking available for us on our site. When game scores are posted on the SFC site you'll see the results on the new www.jrtwolves.com too!

Online Registration! It's true... we're finally going to go online in 2012! You will still be able to print out the forms and bring them to Round Table as you have in the past, but you can also register from the comfort of your own home. Watch for this new feature in February.

Online Store??? We have the ability to open an online store this season. We'll be working with our Booster Coordinators to see if they'd like to pursue this, especially for pre season orders of new cool **WJT Booster Gear!**

Become a friend of the organization! On the left hand side menu we offer you the ability to join our e-mail list. We'll be able to contact each and every one of you when important things are happening.
