Coach Castner - Middle School banquet is tomorrow night and Coach will be speaking and presenting the 8th grade players with a printed picture card of Dwire Field. He has been receiving emails and calls from former players and alumni excited about our season and wishing good thoughts for the game this week. Coach Castner asked that we tailgate, get our neighbors and family excited and at the game Friday night against Middletown. Approximately 85% of the players are believers that we can beat Middletown and we're ready, we've prepared and worked hard all week. It will be an exciting game and we're ready. We have swept our opponents for 4 weeks in a row with victories by the Varsity, JV and Freshman teams and we're excited to see what we do this week.
