

Rain – Out Game Procedures

Please follow the procedures below when canceling a game due to weather. If a game is canceled within two hours of the start time, you must notify everyone by phone, please do not rely on emails or text messages. If referees show up to a field because someone failed to effectively communicate a cancellation, the home team will be charged.

- 1. Notify the referee assigners. If you do not receive an email reply, you must call them to confirm that they are aware of the cancelation.**
