Rules

- Ball out of play - the whole ball must pass over the entire line either on the ground or while in the air.
- Lines are considered part of the area they define with regard to ball out of play and fouls. So if illegal contact is made on the line of the penalty box, it is considered to have occurred inside the penalty box.
- Free Kicks - Direct vs Indirect, defenders moving back the required distance.
- Permission to put ball in play usually not needed. Teach players to catch their opponents off guard.
- Handballs - Must be intentional. No foul for the ball hitting the hand. Doesn't matter if player gains an advantage from the outcome.
- Corner kicks - players cannot move the flag from its upright position. Need to learn proper ball placement so flag is not in the way.
- Corner kick trick plays.
- Throw-ins - simply a method to put the ball back in play.
- Denying an obvious goal scoring opportunity ==> Red Card.
- Fair shoulder charges.
- Making contact with the player before the ball during a challenge.
- The Advantage Rule - allowing play to continue if calling the foul would penalize the team that was fouled. Only applies to fouls and misconduct. Referees discretion. Not for younger age groups.
- **U10 and U12 special rules** - An indirect free kick shall be awarded to the opposing team when, a goalkeeper handles the ball within his/her penalty area and throws, punts, or kicks the ball across midfield without making contact with the goalkeepers side of the field or being touched by any player on that side of the field. If a goalkeeper dribbles the ball outside the penalty area or does not play the ball with the hands, then the kick may cross the midfield. Goal kick - same as above regardless of whether the keeper or field player kicks it.
- Offside
