

PRIDE IN ATHLETICS FOR LIFE ICE HOCKEY TEAM SPONSORS

Pride in Athletics for Life Ice Hockey, formally Suffolk PAL Ice Hockey, has been in operation for over 30 years. Our organization has become one of the most respected and prominent hockey associations in the U.S. Players in our organization range in age from 5 years old to 21 years old. We currently have 13 travel teams, one Junior team, an active house league and instructional clinics. Unfortunately, the cost to participate in the sport of ice hockey is prohibitive for many due to some of the highest utility rates in the country.

Attempting to keep our tuitions at a reasonable cost to our players, we are asking for support from our local communities. We are please to say that now 100% of your sponsorship money goes directly to the team you sponsor to fund additional costs such as tournaments, uniforms and any other Board approved expenses.

Over the past 4 years, our organization has implemented a premier program we call: "Total Player Development" which encompassing aspects of community service, sportsmanship and education. Our teams consistently participate in individual and league events which help to enlighten the importance of good citizenship and volunteerism. Our success has been unprecedented and we are extremely proud of our players and families, their sensitivity to the needs of our local, national and worldwide charities.

This year we will provide approximately 750 children in our community the opportunity to participate in a sport of extreme skill, discipline and sportsmanship. With your tax deductible contribution and those of others, we will be able to carry on over 30 years of tradition in Suffolk County. On behalf of our players, we would like to thank you for your generous donation.
