

Telluride Lacrosse Club

Player Code of Conduct

The purpose of the player code of conduct is to insure that there will be a safe and healthy environment for both players and coaches that participate in the game of lacrosse for the TYLA. Therefore, I pledge to be positive about my youth sports experience, and accept and participate in the following player's code of conduct pledge.

I enjoy the game of lacrosse and want to do my best for my team.

I understand that how I practice, and play is as important as whether we win or lose.

I will do my best at every practice and game to work hard and remain focused – and notify my coach in advance if I cannot attend a practice or a game.

I will be on-time and ready to play (equipment on) at practice and for warm-up prior to a game.

I will not speak or distract others while coaches are speaking or providing feedback.

I will fully support my teammates at all times and will not provide them with any negative criticism

I understand that sportsmanship and respect for my teammates, coaches, referees and opponents is critical to how I conduct myself, at all times on the field.

I will win with character and lose with dignity.

I will respect referees, their calls and decision by not talking back, or showing any inappropriate negative reaction (displays of temper)

I will play by the rules and abide by all game and competitive rules

I will refrain from bullying, trash-talking, taunting, boastful celebrations, the use of profanity, vulgarity and other offensive language and gestures.

I will lead by example, with a positive “can do” attitude

I will not use the phrase, “I can't”, because I know with hard work and dedication to the sport of lacrosse, that I will be able to do it.

I have read and understand the requirements of this code of conduct, and will abide by this code.

I understand that my academics are more important than lacrosse and that my coaches reserve the right to hold me out of practices and games if they learn about negative academic performance from my parents or teachers.

I am proud to be a Miner
