A. We have seven dual meets per year and we alternate between having 3 or 4 of them at home. The current year schedule is posted on our website and is in our newsletter. Home meets typically last from 6 pm until about 9:50 pm. Swim meets are a great community event. Even if you do not have a child on the swim team, it is a great place to spend a sunny evening cheering on your friends. It is also a great time to get volunteer hours, and enjoy some of our infamous salmon!

- Q. What are the differences between the tennis levels (French, Wimbledon, Australian)?
- A. French is for the top third of the tennis ladder, and usually consists of players at the high school varsity level.  
Australian is for the middle third of the tennis ladder and usually consists of players at the junior varsity level.  
Wimbledon is the lowest third of the ladder and is for intermediate players with some advanced beginners, provided they meet the criteria listed on the website.  
Coaches have final discretion and will determine which practice a player attends.
- Q. What is the tennis ladder?
- A. The tennis ladder is a fun way to encourage play among our tennis players. The tennis ladder is designed to create friendly competition and a high level of fun while increasing the players' skills. The coaches create a tennis ladder that ranks all players from the most skilled player ranked #1 at the "top of the ladder" to the player with the most opportunity for improvement at the "bottom of the ladder". During challenge periods, players can challenge others who are higher up on the ladder.
