

Allendale Little League Online Registration Tutorial Manual

Allendale Little League

P.O. Box 295
Allendale, MI 49401

Introduction

Allendale Little League has moved to a new website. The site allows families to register players and make payments online. The sites PayPal for secure all payments. PayPal automatically encrypts your confidential information in transit from your computer to ours using the Secure Sockets Layer protocol (SSL) with an encryption key length of 128-bits (the highest level commercially available). Before you even register or log in to the PayPal site, our server checks that you're using an approved browser one that uses SSL 3.0 or higher.

This tutorial is a guide to help members register using the new website. Allendale Little League board understands there will be several questions and possible issues that may arise with this new registration system. We want to ensure every parent we are committed to helping anyway we can. During the time registration is open we will have an email address that will be monitored to try and help answer questions. This email address is help@allendalelittleleague.com. If you need assistance please give as much detail information as possible, a name and contact number so we can call if need be. Please keep in mind all support staff are volunteers and it may take a day or so to get back to you.
