

RAGE & RYBSA Commitment to our families:

Starting in 2016 RYBSA and our tournament program, RAGE, will require that all of our coaches to be (PCA) Certified:

PCA (www.positivecoach.org), a Stanford University-based non-profit organization, works with coaches, leaders and parents to more effectively teach young athletes not only how to win, but also about teamwork, discipline, respect and goal-setting through their sports experiences. Personal growth is a journey best shared with friends and mentors. Coaches and community partners are encouraged to contact RYBSA (rybsawi.org) to join the positive culture for our youth.

Our new PCA certification program will also be supported by our new partner, Germantown Little League, in an effort to create better coaches – better people for both of our youth programs.

RYBSA is also putting together additional opportunities that will allow players and parents to also work within our PCA certification courses, in providing these opportunities we feel our Changing The Game theme can be accomplished in and around our community in just 3 years or less.

Are you ready to be a RAGE/RYBSA coach and commit to making youth baseball/softball even better right here in Richfield? Please contact a RYBSA BOD or a RAGE committee member to get involved today on and off the field!!!
