

***SPECIAL OPPORTUNITY TO SHARE WITH YOUR CHILD
THE REALITY OF DRUGS IN OUR COMMUNITY***

Athletes are no longer protected from drugs due to their involvement in sports and other after school activities.

Do you know it is cheaper to buy a hit of Heroin than a pack of cigarettes?

Yes, children are hearing this message in school but what a unique opportunity for you and your child to hear this message together. Help build and support an open dialog with your child.

*Did you know Heroin is the drug of choice in most
High Schools on Long Island?*

The Rinx and P.A.L. Ice Hockey are inviting all parents and players to this seminar on Monday February 8th at 7:30pm at the Islandia Marriott. We are encouraging all families with children 11 and older to attend and YES, please bring your children.

Our guest speaker will be Father Francis Pizzarelli from Hope House Ministries. Hundreds of schools throughout the state have benefited from Father Franks Seminars including "Poverty of Caring - The Challenge of the Heroin Epidemic" which educates students, teachers, school administrators and parents in understanding peer pressure, drug and alcohol abuse and teenage suicide.

Please be our guest and take advantage of this opportunity to spend an hour with your child.

*It may be one of the most important hours
you will ever spend with your child!*

Monday February 8th at 7:30pm at the Islandia Marriott
