

City of Canyon Field Rental Policy

As of January 23, 2012 the following policy was approved by the City Commission of Canyon:

All fields in Canyon Parks will be under this policy.

ALL FIELDS MUST BE RESERVED

Southeast Park fields must be rented for team practice at the rate as follows:

Times start at 8am and run on 1.5 hr increments and will require a reservation in person at City

Hall at the rate of: \$10.00 for practices not requiring lights

\$15.00 for practices requiring lights and a key deposit of 25.00. Light keys
to be returned after field use.

Batting Cages must be rented for lessons and team practice.

They will rent for: \$10.00 per 1.5 hr period.

Batting cages will not be included in a field rental and must be rented separately. No "Soft Toss" allowed in batting cages or against any fences.

Brown Road fields will be rented for a fee of \$5.00 per 1.5 hr period and must be reserved at City Hall.

The complex fields will not be available for practice.

If fields and batting cages are used without a reservation, a bill will be sent to the coach's address for the amount of the rental.

Reservation will allow the park personnel to prepare the field for practice to insure the safety of the team members. Once the reservation is made, the city staff will put it on a Google calendar that sends a notification to the parks staff to make the field ready for practice. We work on the fields daily and if there is not a practice and work cannot be finished, we will leave the field to be finished the following day. This is to make sure we can provide you with the best fields in the area. Reservations can be made two weeks from the date they are made only.

Thanks,

Brian Noel

Parks Director
