

# Soccer "U" Age Chart 2015 - 2016

## Northwestern Soccer

Northwestern Soccer provides soccer programs for children of all ages. Below is a helpful chart to help you choose the right age group and program. Simply match the month your child was born on the left with the year they were born on the top. The intersecting point of those two will show you your child's proper soccer age group. If you have questions or would like assistance please email the soccer director at [soccer@nyaatigers.org](mailto:soccer@nyaatigers.org).
