### Hockey Operations (Scott)

- Travel team updates: **All teams leagues have been chosen and are awaiting play-in games and placement. Chris got placements to CSHL and teams got info to BTHL. 2000A (Campbell) had a mom quit the team and then want back. Is not a good fit for them to come back. She has been talking to others parents on team about the coach and it is really not going to work. I have copy of text message of her quitting. She is claiming they did not quit. The team is giving them their money back. 2001A (Langworthy) picked up a couple more skaters and are moving forward playing in CSHL. Jerseys equipment and apparel are starting to arrive and teams are picking them up. Games have started for almost all except the smart ones like 2000AA. Thanksgiving tournament-please offer tourney to the PW minor to the 2000A (Campbell) team and the 97A (Stalnaker) teams because 2000AA and 1997AA coaches are gone and teams are taking weekend off.**
- Needs for house evaluations **I will really be in need of people on the ice and on the benches. We are going to have big groups on the ice. 2 people running practice and 2 on each bench (especially for younger levels) may be necessary. Please sign up. It is 9/24 and 25. Jerseys and socks are on order and should be in on time.**
- House coaching applications **Coaches apps are trickling in but I need Michele to send out an e-mail blast and a posting. I normally pick up a ton at evals, but still really need a blast and post.**
- Follow Up: Player skill development and assessment proposal (Jim)
- ADM Application Updates (Mike B, Scott) **Similar to the coaching post, we may need a separate ADM coaching post. There will need to be a # of dad's on the ice at a time, so having a good # of volunteers is important.**
- Concussion presentation for coaches (Tom)
