

ATHLETIC POLICIES FOR THE STUDENT ATHLETE

HUMBLE I.S.D.

The Role of Interscholastic Athletics

Organized athletics offers the school an opportunity to foster the physical, mental, emotional, social and moral growth of each participant. Through situations which arise during strenuous practice sessions, and athletic contests, student athletes must not only learn how to react to their own capabilities and limitations, but how to appropriately react to the behavior of others. These reactions result in physical and mental growth and change. Because of the competitive, emotional nature of athletic contests and the player's obvious interest in the outcome, they are more susceptible to change than in many educational settings. To insure that these changes are positive, all phases of athletics should be expertly organized and conducted.

In order to attain success in athletics, the participants must train their minds and bodies to respond instantly and effectively to the various challenges that arise during the course of play. This, of course, parallels learning to effectively deal with challenges that arise later in life.

The competitive world, is often neither gentle nor overly kind. In such a world, however under effective direction, the child may grow toward social maturity by learning (1) patience for a desired result, (2) sacrifice and common goal setting, (3) to deal with minor physical and mental difficulties, (4) to control emotional outbursts, (5) to deal with fear, and (6) to be more self reliant.

Philosophy

The philosophy of the Humble Independent School District competitive sports program is to maintain a broad based program that will afford all students with athletic interests and abilities an opportunity for safe and healthful participation in the sports of their choice. This philosophy is based on the concept that there is a need for rugged physical development and fitness for every youngster, as well as a variance of interest, abilities, and desires.

Objectives of the Humble I.S.D. Athletic Department

The purpose of the athletic program is to do more than provide competition between two individuals and/or two schools. It is to teach fair play, sportsmanship, the understanding and appreciation of teamwork, the teaching of discipline, and that to quit means failure and hard work means eventual success. We will attempt to accomplish this general objective as outlined below.

1. Keep as many pupils as possible in a good environment.
2. Instill good habits, sound morals, exemplary citizenship, and a high standard of sportsmanship in the pupils of the Humble Independent School District.
3. Encourage students to grow physically, mentally, morally, and socially.
4. Further in youngsters an appreciation for optimum health and physical fitness. The importance of proper rest, good eating habits, and cleanliness should be stressed at every opportunity.
5. Develop all programs in such a manner that the end result will be one of unity, harmony, and success. Mass participation is to be emphasized and encouraged below the high school varsity level. Students will be encouraged to participate in multi-sports at all levels of competition.
6. Instill in all athletes the desire to represent their school and community in a manner that will make school administrators, teachers, parents, and other citizens proud of them.

Participation in the athletic program and/or University Interscholastic League contests is not a right but a P R I V I L E G E. No student is required to take part in the athletic programs. Therefore, it is imperative that all students taking part in the program understand the following athletic code and conform to the rules therein, and that the coaches of the sport or activities and the athletic director shall have every right to remove these privileges.

Athletic Council:

In order to maintain consistency in our programs throughout the district, we have formulated an athletic counsel. The athletic council shall consist of the Campus Coordinators, the head coach of the sport involved the principal, and the Athletic Director. In the event that the Athletic Council convenes to determine infractions and an athlete's status, a parent of the athlete shall be contacted by the head coach.

On the Field or Court

The athlete must never use profanity or resort to illegal tactics. He must learn that both winning and losing are part of the game and that you have to be a good loser as well as a gracious winner. Temper fits, flagrant violations of rules, etc., will not be tolerated. Total respect to officials is an absolute must. Discussion of calls made by officials will be done by the coach. Any behavior contrary to the above mentioned or any other act which is not conducive to good sportsmanship may result in removal from the contest and possible expulsion from the team. Any type of suspension from a contest will result in some type of game suspension in the next scheduled contest.

Athletic Grooming Code

Participation in competitive athletics is completely voluntary on the part of all students. To participate in athletics in Humble Independent School District, there are certain standards which must be maintained, one of which is acceptable grooming. Specific standards are necessary for the following reasons:

SAFETY: It is almost impossible to get a safe fit in football helmets if the hair is exceptionally long.

HEALTH and HYGIENE: Facial cuts or lacerations are more susceptible to infection and first aid is more difficult to administer when facial hair is present.

UNIFORMITY: Athletes do much traveling to other towns, communities, schools, restaurants, etc., as representatives of the Humble Independent School District; therefore, they should be groomed in a manner that our community, school, and sponsors will be proud of.

SELF-DISCIPLINE: One of the rewards of being an athlete is learning self-discipline. There is no better way to acquire self-discipline than to make sacrifices. Giving up certain fads of dress and appearance is a very small sacrifice.

No athlete should be groomed or dressed in such a way as to draw special attention to himself/herself. This takes away from the team concept, which is basic to the philosophy and success of the program. Grooming should also be conducive to good health and to proper fitting equipment, and should not in any way, be a hindrance to his/her performance.

Therefore the grooming policy for athletic participation is as follows:

**Male athlete's hair will not cover the shirt collar or bottom of ears and must be above the eyebrows at all times. It should be neatly trimmed, and have no adornments to it (beads, etc.).*

**Athletes will not have any unnatural hair color.*

**Athletes will not have any "Mohawk" haircuts.*

**Male and female hair should be neatly groomed at all times.*

**Male athletes should be clean-shaven at all times, with no beard, mustache, or goatee.*

**Body piercing is prohibited for male athletes.*

**Female athletes may wear pierce earrings only.*

**Tattoos are strongly discouraged.*

**Gang related apparel (colors, caps, bandanas, etc.) will not be allowed. Pants must be worn at the waist at all times.*

**The athlete should be neatly dressed for competition. Each team member is to be dressed exactly the same while participating in an event. Every piece of equipment worn by the athlete should be identical to his team members with the exception of shoes. Game uniform shirrtails must be worn in at all times unless top is designed otherwise.*

Quitting the Team

Think hard before you decide to go out for a sport. Athletics takes a lot of hard work, time, and dedication. Any participant who quits a sport after they have begun will not be allowed to participate in any other sport until the regular season has ended in the sport that he/she quit. The only exception to this will be by a consensus of the athletic council.

Participants will not be allowed to participate again at all in the sport that they quit, unless they have consensus from all coaches involved. Any athlete who quits a team will revoke the right of any awards, letter jackets and all awards at post season.

Athletic Periods

The athletic period during the school day is designed to enhance the mental and physical development of the athlete. All athletes must participate in the athletic period in order to be eligible for a particular sport. If an athlete does not participate in a particular sports off season program then they will not be allowed to play in the following year without approval from the Head Coach and Athletic Council.

Equipment

Although not unlimited the athletic budget provides sufficient money to field well-equipped teams in all sports. While this equipment is not always the most expensive available, it is always good equipment and provides adequate protection where needed. With proper care it can be kept in use for longer periods of time, thus allowing some of the money designated for new equipment to be used in other areas of the athletic program.

Proper care of equipment relies basically on the use of common sense. This includes keeping equipment as clean as possible at all times and repairing equipment as soon as possible after damaging.

Poorly fitting and/or damaged equipment can be a hindrance to any athletic team and can often lead to unnecessary and costly injuries. Take a little more time at the beginning of the season in order to get a good fit. Inform your manager or coach if your equipment does not fit properly, and check your equipment daily for needed repairs.

Do not keep equipment checked out that you are not using.

Do not use someone else's equipment. If you do not have or cannot find yours, check with your coach. The athlete is financially responsible for all equipment that has been issued to him/her.

Football helmets will be inspected weekly by the coach and athlete.

Practice Regulations

1. A coach must be consulted ahead of time if any athlete must miss a practice or game. Missing a game or practice without permission may result in suspension or removal from the team. Additionally, approved missed practices may result in make up conditioning for the athlete.
2. Obey all rules set up by the coach.
3. Profanity will not be tolerated.
4. Poor effort will not be tolerated.
5. It must be understood at the high school level, playing time is at the discretion of the coach.

Travel

All athletes in middle schools and high schools represent the community and school. Therefore, it is expected that all will dress in an acceptable manner on trips and conduct themselves in a manner in keeping with this code. Violations will result in suspension from the next contest, and any incident of a serious nature may result in suspension and possible expulsion from the team or program.

1. Be on time for all trips.
2. Dress neatly as directed by coach. A travel shirt is recommended for athletes, managers, and trainers.
3. Be mannerly in restaurants.
4. Show respect for the opposing teams facilities. Make sure not to abuse dressing areas in any way.
5. No gambling on trips.
6. All athletes making the trip on the bus will return on the bus unless in an emergency situation or when parents are present and there is good reason for returning with parents. The travel release form must be filled out by the student and signed by his/her parents prior to the trip if they are to return with their parents. Upon checking out with their coach the athlete is to immediately leave the facility.

Athletes are never to ride with anyone other than their own parents.

CODE OF CONDUCT FOR THE HUMBLE ISD STUDENT ATHLETE

Academic Progress

Coaches will monitor the academic progress of student athletes. In the event that an athlete encounters chronic academic problems, the coach, along with the Athletic Council will consider if continuation in the athletic program is in the best interest of the student athlete regarding their academic progress.

Behavior on the Field

Student athlete's behavior on the field should be unquestionable. Athletes are on display. They not only represent themselves but their community, school, coaches, team and family. Inappropriate displays of anger and disrespect will not be tolerated. The student athlete must learn to deal with situations where things fail to go as they might desire. An athlete should never use profanity or illegal tactics. Any type of expulsion from a contest will result in some type of game suspension in the next scheduled contest.

Classroom Behavior

In addition to maintaining good grades, Humble ISD athletes will be expected to give attention to classroom activities and show respect for student and faculty members at all times. Athletes are expected to not engage in inappropriate disciplinary behavior. A good attendance record is important for athletes. Student athletes should notify their coaches when they are absent. Any athlete who consistently exhibits repeated poor classroom behavior or is consistently absent from class will be reviewed and may result in suspension or permanent suspension from the team, depending on the nature and consistency of the problem.

Behavior outside of School

Athletes must remember their behavior outside of school is just as important as their behavior during school. Athletes will be held to a higher standard and therefore their behavioral expectations will be the same. They represent the District, School and community **at all times**. Inappropriate behavior outside of school will not be tolerated. The athletic council will determine punishment for all offenses outside of school as well as inside school!

Suspension from School

If an athlete is suspended from school for any reason, he will be ineligible during the period of suspension. A second suspension in the same school year will result in review by the Athletic Council and may result in the total expulsion from athletics for the remainder of the school year. This includes on and off campus suspension (Alternative Center& ISS included).

Criminal Activities

If a student athlete is arrested and charged with a felony crime he/she will automatically be suspended from the athletic activities until guilt or innocence is determined. If the student is found guilty they will be suspended from all athletic activities for one calendar year from the first date of suspension. A misdemeanor offense will be dealt with on a case by case basis by the Athletic Council and could result in suspension from the team. Criminal mischief will not be tolerated. "Pranking" our district facilities will be considered criminal mischief and will be punished accordingly. Game suspension and financial restitution will be imposed on all parties involved.

Gangs and Gang-Related Activities

The presence of or involvement in gangs or gang-related activities, including the display of gang symbols, paraphernalia or apparel, is strictly prohibited. Any type of gang involvement will result in suspension and/or removal from athletics.

Fighting

Student athletes are expected to exercise self control. **FIGHTING WILL NOT BE TOLERATED**. Athletic incidents will be reviewed by the athletic council.

- Bullying and hazing are serious offenses. Any athlete guilty of bullying or hazing will be suspended per the athletic council's discretion.

Training Rules for all Humble ISD Athletes

In addition to the alcohol and drug policy outlined in the high and middle school student handbooks, the following rules apply to all student athletes at all times during his/her high school athletic career.

1. No use of tobacco of any kind: Penalty will be determined by the coach.
2. No use or possession of alcoholic beverages.
1st offense - The case will be reviewed by the athletic council. The first offense will result in a suspension of the athlete ranging from 30 to 60 calendar days.
**On first offense the athlete may reduce suspension by 50% by completing an approved alcohol education class and completing 10 hours of approved community service for each 30 days of the original suspension.
2nd offense - Dismissal from the athletic program for one calendar year.
3. No use, distribution or possession of controlled substances (marijuana, narcotics, etc.).
1st offense – The case will be reviewed by the athletic council. The first offense will result in a suspension of 90-180 calendar days.

****On first offense the athlete may reduce suspension by 50% by completing an approved drug education class and completing 20 hours of approved community service for each 30 days of the original suspension.**
2nd Offense – Dismissal from the athletic program for one calendar year.

The above alcohol and drug policies are not separate. Any first offense would create an automatic second offense discipline with the next violation.

In the event that an athlete is suspended from a team for any disciplinary reason the athletic council will determine his or her reinstatement upon the completion of their suspension.

Athletes will not use the internet (IE, Facebook, etc.) to post personal profiles depicting any activities violating HISD training policies. Athletes are not to post pictures of themselves in their school issued uniform or team pictures/photos. Athletes will refrain from posting disparaging comments regarding school, teammates, other students, coaches and school personnel.

Other Rules:

Obey all training rules given by his/her coach in a particular sport.

Theft

Taking things from other players, students, school, etc. will not be tolerated. Punishment will be handled individually by the athletic council and may result in expulsion from all athletic activities for up to one calendar year from date of the incident. At the end of one calendar year from the date of the incident all parties concerned may review the case, and his/her conduct during the previous year will determine reinstatement into the athletic program.

Injury Guidelines

Athletic Injuries:

All injuries must be reported to the proper individual as soon as they must occur/or are noticed. At the High School, injuries are reported to your coach and/or one of the Licensed Athletic Trainers immediately.

Due to licensing restrictions, athletic trainers may only treat injuries that occur in school sponsored UIL sports.

Injuries need to be reported so that:

- A. They can be properly cared for. This may include only some treatment, possibly rehabilitation or physician referral if needed.
- B. All parties involved can be notified. This may include but not be limited to: Parent(s), Guardian(s), Coach, Administrator(s)

If the athlete is referred to a physician, or chooses to visit a physician on their own, documentation must be provided to the proper people.

- High School: Athletic trainers – DO NOT GIVE TO YOUR COACH.
- Middle School: the Head Coach of the sport you are participating in.

The documentation is to include the following:

- Diagnosis
- Status – Not only what you can't do, but also what you can do.
- Treatment Options – High School Athletics only.
- Next appointment date.

This documentation is necessary to ensure that the athlete is medically able and cleared to participate. The guidelines outlined in the documentation will be the ones followed until another notice is received from the athletes' physician. If a coach or trainer discovers that an athlete was examined by a physician without providing documentation, they will not be allowed to participate or be provided further treatment or rehabilitation until the proper documentation is received.

Certain types of visits to a physician's office do not require you to provide a note. For example:

- Lab work, dependant upon the nature of the tests being performed.
- Allergy shots

We only want what is best for the athlete, and this will insure that the lines of communication are open. This is to ensure that the athlete is able to participate immediately upon release by the physician.

UIL CONCUSSION ACKNOWLEDGEMENT FORM

Definition of Concussion - means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may: (A) include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns; and (B) involve loss of consciousness.

Prevention

Teach and practice safe play & proper technique.

Follow the rules of play.

Make sure the required protective equipment is worn for all practices and games.

Protective equipment must fit properly and be inspected on a regular basis.

Signs and Symptoms of Concussion – The signs and symptoms of concussion may include but are not limited to: Head ache, appears to be dazed or stunned, tinnitus (ringing in the ears), fatigue, slurred speech, nausea or vomiting, dizziness, loss of balance, blurry vision, sensitive to light or noise, feel foggy or groggy, memory loss, or confusion.

Oversight - Each district shall appoint and approve a Concussion Oversight Team (COT). The COT shall include at least one physician and an athletic trainer if one is employed by the school district. Other members may include: Advanced Practice Nurse, neuropsychologist or a physician's assistant. The COT is charged with developing the Return to Play protocol based on peer reviewed scientific evidence.

Treatment of Concussion - The student-athlete shall be removed from practice or competition immediately if suspected to have sustained a concussion. Every student-athlete suspected of sustaining a concussion shall be seen by a physician before they may return to athletic participation. The treatment for concussion is cognitive rest. Students should limit external stimulation such as watching television, playing video games, sending text messages, use of computer, and bright lights. When all signs and symptoms of concussion have cleared and the student has received written clearance from a physician, the student-athlete may begin their district's Return to Play protocol as determined by the Concussion Oversight Team.

Return to Play - According to the Texas Education Code, Section 38.157:

A student removed from an interscholastic athletics practice or competition under Section 38.156 may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

(1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student;

(2) the student has successfully completed each requirement of the return-to-play protocol established under Section 38.153 necessary for the student to return to play;

(3) the treating physician has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play; and

(4) the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student:

(A) have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play;

(B) have provided the treating physician's written statement under Subdivision (3) to the person responsible for compliance with the return-to-play protocol under Subsection (c) and the person who has supervisory responsibilities under Subsection (c); and

(C) have signed a consent form indicating that the person signing:

(i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;

(ii) understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;

(iii) consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191), of the treating physician's written statement under Subdivision (3) and, if any, the return-to-play recommendations of the treating physician; and

(iv) understands the immunity provisions under Section 38.159.

UIL ACKNOWLEDGEMENT OF RULES

GENERAL INFORMATION

School coaches may not:

- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exception: school coaches may hold one 6-day camp in their school district for incoming 7th, 8th and 9th grade students),
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball.
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

GENERAL ELIGIBILITY RULES

According to UIL standards, students are eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See 504 handicapped exception.)
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time day students in a participant high school.
- initially enrolled in the ninth grade not more than four calendar years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the *Constitution and Contest Rules*).
- have observed all provisions of the Awards Rule.
- have not represented a college in a contest.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not allow their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.

UIL SUDDEN CARDIAC ARREST AWARENESS FORM

What is Sudden Cardiac Arrest?

- *Occurs suddenly and often without warning.
- *An electrical malfunction (short-circuit) causes the bottom chambers of the heart (ventricles) to beat dangerously fast (ventricular tachycardia or fibrillation) and disrupts the pumping ability of the heart.
- *The heart cannot pump blood to the brain, lungs and other organs of the body.
- *The person loses consciousness (passes out) and has no pulse.
- *Death occurs within minutes if not treated immediately

What causes Sudden Cardiac Arrest?

Conditions present at birth

Inherited (passed on from parents/relatives) conditions of the heart muscle:

*Hypertrophic Cardiomyopathy – hypertrophy (thickening) of the left ventricle; the most common cause of sudden cardiac arrest in athletes in the U.S.

*Arrhythmogenic Right Ventricular Cardiomyopathy – replacement of part of the right ventricle by fat and scar; the most common cause of sudden cardiac arrest in Italy.

*Marfan Syndrome – a disorder of the structure of blood vessels that makes them prone to rupture; often associated with very long arms and unusually flexible joints.

Inherited conditions of the electrical system:

*Long QT Syndrome – abnormality in the ion channels (electrical system) of the heart.

*Catecholaminergic Polymorphic Ventricular Tachycardia and Brugada Syndrome

*Other types of electrical abnormalities that are rare but run in families.

NonInherited (not passed on from the family, but still present at birth) conditions:

*Coronary Artery Abnormalities – abnormality of the blood vessels that supply blood to the heart muscle. The second most common cause of sudden cardiac arrest in athletes in the U.S.

*Aortic valve abnormalities – failure of the aortic valve (the valve between the heart and the aorta) to develop properly; usually causes a loud heart murmur.

*Non-compaction Cardiomyopathy – a condition where the heart muscle does not develop normally.

*Wolff-Parkinson-White Syndrome – an extra conducting fiber is present in the heart's electrical system and can increase the risk of arrhythmias

Conditions not present at birth but acquired later in life:

*Comotio Cordis – concussion of the heart that can occur from being hit in the chest by a ball, puck, or fist.

*Myocarditis – infection/inflammation of the heart, usually caused by a virus.

*Recreational/Performance-Enhancing drug use.

Idiopathic: Sometimes the underlying cause of the Sudden Cardiac Arrest is unknown, even after autopsy.

What are the symptoms/warning signs of Sudden Cardiac Arrest?

- | | |
|---|----------------------|
| *Fainting/blackouts (especially during exercise) | *Dizziness |
| *Unusual fatigue/weakness | *Chest pain |
| *Palpitations (heart is beating unusually fast or skipping beats) | *Shortness of breath |
| *Family history of sudden cardiac arrest at age < 50 | *Nausea/vomiting |

ANY of these symptoms/warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game.

What is the treatment for Sudden Cardiac Arrest?

*Time is critical and an immediate response is vital.

***CALL 911**

***Begin CPR**

***Use an Automated External Defibrillator (AED)**

What are ways to screen for Sudden Cardiac Arrest?

*The American Heart Association recommends a pre-participation history and physical including 12 important cardiac elements.

***The UIL Pre-Participation Physical Evaluation – Medical History form includes ALL 12 of these important cardiac elements and is mandatory annually.**

*Additional screening using an electrocardiogram and/or an echocardiogram is readily available to all athletes, but is not mandatory.

Where can one find information on additional screening?

- | | |
|--|---|
| *American Heart Association (www.heart.org) | *Cypress ECG Project (www.cypressecgproject.org) |
| *August Heart (www.augustheart.org) | *Parent Heart Watch (www.parentheartwatch.com) |
| *Championship Hearts Foundation (www.championshipheartsfoundation.org) | |

2013-2014 HISD POLICIES SIGNATURE PAGE

ATHLETE NAME: _____ **GRADE:** _____

SCHOOL : _____

I have read and understand the above Humble I.S.D. and UIL student athlete policies. I agree to abide by all the Humble I.S.D. and UIL policies. I further understand, that these policies are in effect for one calendar year from the date signed.

As an Humble ISD Student- Athlete, I attest that I have received verbal and written educational material from the Humble ISD Athletic Training / Sports Medicine staff, or its designees, regarding recognition and reporting of a concussion. Furthermore, I attest that I have been educated on the medical signs and symptoms of a concussion and I agree to report any clinical signs or symptoms of a suspected head injury to my/a Staff Athletic Trainer, Team Physician or designee immediately. I understand that as an Humble ISD Student- Athlete it is my responsibility to report all injuries/illnesses, regardless of perceived severity, to my/a Staff Athletic Trainer immediately, to include concussions. I also hereby recognize and agree that my health and well being is a shared responsibility between myself, the Coaching Staff, the Staff Athletic Trainers and the Team Physicians of Humble ISD.

DATE

SIGNATURE OF ATHLETE

I have read and understand the above Humble I.S.D. student athlete policies and agree that my son/daughter and I will abide by all the Humble I.S.D. policies.

I have been provided the UIL Parent Information Manual regarding health and safety issues and my responsibilities as a parent/guardian. I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.

I hereby give my consent for the above student to compete in University Interscholastic League approved sports, and travel with the coach or other representative of the school on any trips.

It is understood that even though protective equipment is worn by the athlete whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the high school assumes any responsibility in case an accident occurs.

I have read and understand the University Interscholastic League rules and agree that my son/daughter will abide by all of the University Interscholastic League rules. The undersigned agrees to be responsible for the safe return of all athletic equipment issued by the school to the above named student. If, in the judgment of any representatives of the school, the above student needs immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given to said student by any physician, athletic trainer, nurse, hospital, or school representative; and I do hereby agree to indemnify and save harmless the school and any school representative from any claim by any person whomsoever on account of such care and treatment of said student.

Your signature below gives authorization that is necessary for the school district, its trainers, coaches, associated physicians and student insurance personnel to share information concerning medical diagnosis and treatment for your student.
