Directions for team roster entry

1. Enter team staff (coach, assistant, manager) and players. You must always have a coach on your roster. You may have more than one coach, zero or more assistants and zero or more managers.
 - Team staff cannot have Gender, Pass Id, Secondary, Date Of Birth or Jersey entries.
 - The input format for player Date Of Birth is mm/dd/yyyy.
 - If you need additional rows save what you have and reopen the form. Empty rows will appear at the bottom of the form.
 - Only error free row entries will be saved.
2. You may add or delete team staff anytime during the season. You may add players anytime before the RDYSL deadline specified in the rules. You may only delete a player if they have never been checked into any game.
3. Once a player has been checked into a game the only entry you can change is the Jersey number. If you need to make a correction to player information other than the Jersey number after they have been checked into a game contact your division coordinator.
4. **Do not add callup players here. Hand write them on the preprinted roster to give to referee.**
5. For issues or questions contact you division coordinator. Their name and contact information can be found on the [Board Member WebPage](#).
