Directions for calculating your GPA:

Change each of your letter grades to a number according to the following scale:

A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67

Add up each of the numbers assigned to letter grades for each core class (math, science, social studies, reading, communication arts) for all three trimesters then divide the total by the number of letter grades. (Ex. If you converted 15 letter grades to numbers, you divide your total by 15.)

The required GPA must total 3.67 or higher to be considered for the Young Scholar Award. Please be sure to attach a copy of your complete report card from your last completed school year.
