

Clock Cheat Sheet

New Game:

Press **NEW GAME**. Push **CLEAR**. Press number 1 for the clock to run down. Press the number 0 for warm-ups when the screen asks for period number. Press **ENTER**. You can change the number of minutes of warm-up by pressing the number you want. Press **ENTER**. If you make a mistake in the number of minutes you put in, i.e. you type 9 when you only wanted 9, and you have not yet pressed **ENTER**, simply push clear and change to desired number. Otherwise press **NEW GAME** again and start over. Press **TIMER RUN** once both teams enter ice.

Next Period:

After warm-up or end of any period, the buzzer will sound automatically. All you need to do is press **PERIOD**. The number will automatically increase to match the period number. Press **ENTER**. Adjust time if needed. To adjust the minutes, type in the number, and press **ENTER**. If you need to adjust the seconds, type in the appropriate seconds and press **ENTER** again. Press **TIMER RUN** when ready to commence.

Penalties:

Push **PENALTY AND STATS** (yellow for home, blue for away). Press **ENTER** no matter what the time on screen says. Change the player's number. **ENTER**. Put in how long the penalty should last. **ENTER**. If seconds are needed, press number of minutes, **ENTER**, then seconds, **ENTER**. Penalty time goes down with the clock time, and carries over to the next period automatically. Co-incidental and 10 and 2's don't go up.
