PYH follows the American Developmental Model (ADM) philosophy in our practice and skills sessions. In addition to games, there is one practice and one skills session per week. The skills sessions are part of the program offering at PYH and a large part in the development of the players. Do you foresee any difficulty in attending practices AND skills sessions, or in following the ADM coaching model set forth by USA Hockey?

The success of PYH relies heavily upon our dedicated coaches. This is a volunteer position, but requires a lot of time, effort, energy, passion, and patience. We will make every effort to offer you the position you have requested, but in some instances there may be other candidates. As with the players themselves, the coaching aspect is a total team effort, and we hope that you will consider volunteering to coach in whichever capacity we are able to offer. Thank you for your dedication and willingness to participate and truly impact the future of our young players.

Cori checks will be required of all volunteers: Coaches, Assistants, and Team Managers
