Coaching Experience	<p>I have been coaching now for around 8 years. During that time I have coached for various companies in various places. Companies include, UK Elite Soccer, Major League Soccer Camps, Wolverhampton Wanderers FC, Birmingham City FC, First Choice Soccer School, and even ran my own coaching company for a few months during the summer and fall period, before returning to the US. I have been lucky to coach in such fantastic places; they include Spain, Philadelphia, Texas, NYC and most recently Connecticut.</p>			
Playing Experience	<p>I have recently given up football due to injuries and haven't played for around 7 or 8 months but I stayed involved in coaching when I can. I have however played for several clubs during my career; some include Kidderminster Harriers FC, Worcester City FC, Bromsgrove Rovers FC and Evesham United FC.</p>			
Education Background	<p>I went to school and completed my GCSE's, I did go to college for a short period of time but then I decided to give my football career a shot as I was offered to go to Kidderminster Harriers for a trial as a youth team player, I was successful but had a few injuries along the way.</p> <p>I do have a Sales & Customer Service NVQ Level 3 and have also completed Health and Hygiene courses including First Aid.</p>			
Interests and Hobbies	<p>I have many hobbies and interests, most of them include American sports, and I'm a huge Eagles and Phillies fan and then follow San Antonio when it comes to basketball.</p> <p>I also have an acting/modeling career so while I am back in the UK whether it is for 3 months or a number of years I work as self employed through various agencies. I have had many things to be proud of, appearing in 2 films and many TV soaps & dramas.</p>
