Between Beachside, and Mickey Kydes Soccer—a professional coaching organization established in 1996 that supports travel and recreational soccer for several Connecticut clubs, Mickey is responsible for the soccer development and education of close to five thousand children.

Mickey's distinguished playing career is the cornerstone of MKS' tremendous success. As a standout youth and high school player out of Norwalk, CT, Mickey won a state U-13 travel soccer championship before becoming a four-year starter for Norwalk High School. As a 2-time All-State player and member of the Connecticut ODP team, Mickey was offered a full scholarship to play soccer for Division I powerhouse, Long Island University. At LIU, Mickey was a two-time All-American, graduating in 1986 with a Bachelor of Science Degree in Marketing. The Dallas Sidekicks drafted Mickey in the MISL first round as the eighth overall pick. Along with winning a MISL National Indoor Championship with the Sidekicks, Mickey played for the 1987 USA National Team, professionally throughout Greece and the United States, and was drafted by the New York / New Jersey MetroStars in the MLS inaugural season. Mickey retired in 1996, after nine years of professional soccer.

His motivation to teach the game has led him to obtain his United States Soccer Federation (USSF) 'A', 'B', and 'Youth' National Coaching Licenses. Mickey is also **one of only eighty people** in the country who holds a USSF 'Technical Directors License'. He is now a presenter for the USSF Technical Director Course. Through his wealth of playing experience, Mickey was exposed to many different coaching philosophies and management styles. As a lifelong student of the game, he constantly took mental notes regarding what systems created success, and which systems bogged down forward momentum. From summer camps, successful developmental and premier programs, to the growth and development of the Old Greenwich, Riverside, Westport, and Wilton soccer programs, his learning experiences as a player have directly impacted his success as a coach and manager of soccer programs. World Cup player, US Senior National Team players, MLS and European professionals, MLS Champions, MLS All-Star, MLS Rookie of the Year, US Youth National Team players, NCAA Herman Award Winner, NCAA Division 1 & 3 Champions, NCAA Division 1, 2 and 3 student-athletes, all have benefited from Mickey's exposure and influence. What Mickey cares most about is the personal development of the thousands of young people that acquire **life skills** by participating in his programs.
