In a positive and productive on-ice setting, we will develop the skills and dedication to be the best player they can be. Players will be assigned to groups, based on age and skill.

Vladimir Hartinger and **Joey Carroll** head coach every on ice session. Every age group is guided and supervised by two highly qualified Assistant Coaches throughout the entire camp. A specialized strength and conditioning coach conducts every off-ice session. Our camp also provides goalie specific coaching during multiple on-ice sessions.

Every day includes 2.5 hours on ice training, 1.5 hours Off-ice training and a 1.5-hour supervised lunch.

Must bring: hockey equipment, running shoes, shorts, and t-shirt. Water and snacks are provided the entire camp!

We encourage bringing a healthy lunch. Food will also be available for purchase at the Santa Ana Star Center. Players will be able to leave gear in their team locker room overnight. Rooms are locked after the last on-ice session. Warrior Hockey is not responsible for any lost or stolen items.

On the last day of camp players will be divided into two teams. (Red & White vs Blue and Black) They will experience a team practice, team off-ice, team lunch and pre-game instructional chalk talk. Parents are encouraged to come and enjoy a coached game during the last on-ice session for the conclusion of the Warrior Hockey Camp.
