

Hello Santa Fe area past and future campers. Pro Ambitions invites you to our upcoming Prolux Battle Camp at Genoveva Chavez Community Center. We teach areas of the game such as angling, gap control, shot blocking, body positioning, battling for loose pucks along with advanced power skating, stick handling, shooting and passing that others do not. Our high tempo curriculum has been perfected over 20+ years of our existence and is unlike any other camp in the world.

Please take a minute and look at our site to learn about founder and former NHLer Jeff Serowik, his philosophy, and what our signature Battle Camp Curriculum is all about.

We are also the official development camp of Hockey East, the Boston Bruins, and proud partners of Bauer. We train thousands of players each year, many of which have gone onto the top NCAA programs and into the professional ranks.
