

Little League® Baseball & Softball
CLAIM FORM INSTRUCTIONS
For claims occurring after January 1, 2005

WARNING — It is important that parents/guardians and players note that: *Protective equipment cannot prevent all injuries a player might receive while participating in baseball/softball.*

To expedite league personnel's reporting of injuries, we have prepared guidelines to use as a checklist in completing reports. It will save time -- and speed your payment of claims.

The AIG Accident Master Policy acquired through Little League contains an "Excess Coverage Provision" whereby all personal and/or group insurance shall be used first.

To help explain insurance coverage to parents/guardians refer to *What Parents Should Know* on the internet that should be reproduced on your league's letterhead and distributed to parents/guardians of all participants at registration time.

If injuries occur, initially it is necessary to determine whether claimant's parents/guardians or the claimant has other insurance such as group, employer, Blue Cross and Blue Shield, etc., which pays benefits. (This information should be obtained at the time of registration prior to tryouts.) If such coverage is provided, the claim must be filed first with the primary company under which the parent/guardian or claimant is insured.

When filing a claim, all medical costs should be fully itemized and forwarded to Headquarters. If no other insurance is in effect, a letter from the parent's/guardian's or claimant's employer explaining the lack of group or employer insurance should accompany the claim form.

The AIG Accident Policy is acquired by leagues, not parents, and provides comprehensive coverage at an affordable cost. Accident coverage is underwritten by National Union Fire Insurance Company of Pittsburgh, Pa., with its principal place of business in New York, NY. This is a brief description of the coverage available under the policy. The policy will contain limitations, exclusions, and termination provisions.

With your league's cooperation, insurance rates have increased only three times since 1965. This rate stability would not have been possible without your help in stressing safety programs at the local level. The ASAP manual, **League Safety Officer Program Kit**, is recommended for use by your Safety Officer. In 2000 the State of Virginia was the first state to have its accident insurance rates reduced by high participation in ASAP and reduction in injuries. In 2002, seven more states have had their accident insurance rates reduced, as well. They are Alaska, California, Delaware, Idaho, Montana, Washington, Wisconsin.

TREATMENT OF DENTAL INJURIES

Deferred Dental Treatment for claims or injuries occurring in 2002 and beyond: If the insured incurs injury to sound, natural teeth and necessary treatment requires that dental treatment for that injury must be postponed to a date more than 52 weeks after the date of the injury due to, but not limited to, the physiological changes occurring to an insured who is a growing child, we will pay the lesser of the maximum benefit of \$1,500.00 or the reasonable expense incurred for the deferred dental treatment. Reasonable expenses incurred for deferred dental treatment are only covered if they are incurred on or before the insured's 23rd birthday. Reasonable Expenses incurred for deferred root canal therapy are only covered if they are incurred within 104 weeks after the date the Injury occurs.
