Why is there a separate tryout at the Classic 1 (C1) level?

- CC United has added a separate tryout at the Classic 1 (C1) level for those age groups that have achieved this level of play. This was done to raise the level of competition for places available, allowing us to better measure player ability.
- This evaluation is in addition to the field evaluation sessions and will be available to those from outside the club or those currently playing at the Classic 1 level. C1 Players looking to make a C1 team will need to attend the C1 tryout as well as the relevant sessions for their age group.
- The Director of Coaching will invite additional players to the C1 tryouts one week prior to tryouts based on player evaluations. Players not looking to make a C1 team need only attend session I and II for their age group.
