

## Return to Play – Action Plan

### What if scenarios - FCE Participants

- Please ensure that all the directives in the FCE Return to Play policy document are adhered to in full, at all times (balls, sanitizer, equipment, masks, etc..)
- If a child turns up for practice or camp and appears unwell or exhibiting COVID symptoms, he/she must be isolated from the group and the parent/guardian must be contacted immediately.
- If a participant (child/coach) comes into contact with a known COVID carrier, they must isolate for a minimum of 14 days and not return to FCE activities until they are symptom free for 3 successive days and have had a negative test
- If a participant (child/coach) has had a positive test for COVID they must quarantine for a minimum of 10 days and cannot return to FCE activities until they are symptom free for 3 successive days and have had a negative test
- FCE will follow CDC and State guidelines for contact tracing, should there be any incident that requires it.

<https://www.cdc.gov/coronavirus/2019-ncov/php/open-america/contact-tracing-resources.html>

- At some locations we have signage to help with traffic flow and drop off protocol – please follow these to help with social distancing requirements
- If a parent has any questions regarding COVID club policy and Health & Safety, they should contact Kevin Halliday (Ops Director) at [khalliday@fceuropa.org](mailto:khalliday@fceuropa.org)
