

Stallion Youth Sports Volunteer Application

The philosophy of the Stallion athletic program is to contribute to the favorable development of the youth. More importantly, we try to improve the individual quality of each participant's ability. At all ages, we design the program to make it enjoyable for the youth. We stress fundamentals, sportsmanship, teamwork, dedication, and participation. We realize the youth will make errors and mistakes. It is important for parents to realize that words of encouragement are much more applicable to our philosophy than words of criticism.
