WESTON, CT, March 5, 2012 – [Weston Trojan Youth Football & Cheer](http://www.trojansfootball.org) (WTYFC), which serves as the feeder program for football and cheerleading at Weston High School, today announced that registration for the fall 2012 season is now open. Online registration is available at [www.trojansfootball.org](http://www.trojansfootball.org) for Flag Football (Grades 1-3), Tackle Football (Grades 4-8) and Cheerleading (Grades 1-8).

“We are excited that youth football and cheer are coming back to Weston under the direction of our Weston High School varsity coaches,” said Mark Berkowitz, Athletic Director at Weston High School. “Creating this connection is an important step forward, as we can now focus on what’s best for our student-athletes at all ages and all levels. Feeder programs that connect our schools in this way allow us to fully leverage the breadth of talent and resources across our schools and in the broader Weston community to support our student-athletes in achieving their goals.”

WTYFC is part of the [Fairfield County Football League](http://www.fcfl.org) (FCFL), which serves the youth football programs of Darien, Fairfield, New Canaan, Norwalk, Ridgefield, Westport and Wilton. A second town hall meeting will take place on Wednesday, March 14, 7:00 PM, at the Weston High School cafeteria, where the WTYCF board will be joined by FCFL representatives to answer questions about the program.

“Since announcing plans to form a dedicated youth program for football and cheerleading, the outpour of support has been overwhelming,” said Joe Lato, head coach of the Weston High School Trojan football team. “On behalf of the WTYFC board, I would like to thank everyone for such enthusiasm and effort as we take the youth program to a new level.”

“We are so pleased with the decision to create this continuum of football and cheer between the Weston schools,” said Kelley Coleman, head coach of Weston High School Trojan

cheerleading. “It will facilitate our ability to create a solid foundation of skills and self-confidence at an early age and build on this year after year at a pace appropriate for each participant.”
