

Fall Softball Slapping Clinics

Come join Katie L for our new fall slapping clinics. Beginner slapping clinics are designed for players who are new to slapping, are not naturally left handed hitters, or have little to no experience with formal slapping clinics and instruction. These clinics will focus on the basics of slapping with an emphasis on learning proper footwork & mechanics, basic slapping strategy, and timing. Our intermediate program is for slappers who currently slap in game play, are naturally left handed hitters, play on a club team, or have experience with formal slapping instruction or clinics. This clinic will focus on proper movements and mechanics of slapping in addition to improving control, exploring the different types of slapping, drag bunting, and improving speed out of the box. Drills, equipment and skills will progress as appropriate for the group's age group, progress and understanding. Players may register for either session individually or both of the sessions. Please use current ages when registering.

Session 1

4 Weeks – Thursdays 10/4 – 10/25

Beginners Ages 9 -13 6-7pm

Intermediate Ages 11-15 7-8pm

Session 2

6 Weeks - Thursdays 11/8 – 12/20*

Beginners Ages 9-13 6-7pm

Intermediate Ages 11-15 7-8pm

Please note there is no clinic on Thursday 11/22
