DFC Dragons U8 Academy A New Player Development Program

- For U7 and U8 Boys & Girls
- Innovative Curriculum
- Individualized Instruction
- Positive Learning Environment
- Certified, Experienced Coaches
- Challenging Program

The DFC Dragons U8 Academy

DFC Dragons is always growing and improving. As a club, we continuously strive to find new and better ways to serve our players and their families. This spring, DFC Dragons is launching a new program, the DFC Dragons U8 Academy. The Academy will provide the highest quality soccer instruction for Duxbury's most motivated, committed, and focused U7 and U8 soccer players.

The DFC U8 Academy is ideal for U7 and U8 boys and girls that want more -- **more soccer** and also a **more intense soccer experience** than what a recreational mini soccer program provides. It is intended for those players that are prepared to be introduced to a **more comprehensive soccer curriculum** focused on the development of ball mastery and fundamental technical skills. In other words, the Academy is for those **more committed and focused** young players that are ready and willing to make soccer a priority and have already developed a basic foundation of skills through mini soccer or another "early start" soccer program. **The DFC U8 Academy is not intended to be, nor is it appropriate as, a player's first soccer experience.**

This new seasonal program is designed to complement and build on DYSA's mini soccer program and will offer 1 additional session per week of outdoor training during the fall and spring seasons, as well as periodic intra-squad games and

friendly matches against academy teams from other clubs. **In order to register for the DFC Dragons U8 Academy, each child must also be registered for DYSA Mini Soccer for the Spring 2014 season.**

The DFC Dragons U8 Academy features:

- An innovative, age-appropriate player development curriculum for those young players that are prepared to receive advanced instruction
- Limited enrollment that will be capped to ensure an ideal ratio of coaches to players
- A friendly, small-group learning environment offering individualized instruction and a player-centric approach
- Periodic intra-squad scrimmages and matches against other club-based academy programs located on the south shore
- An incredibly fun and truly educational soccer experience

KEY PROGRAM DATES

- Training Session will be on Thursdays @ Coppens from 4:15-5:30 pm
- Program will begin on April 17th and run for 10 weeks, ending on June 19th
- We will not hold a training session during April Vacation week (April 24th)

REGISTRATION

Fees for the Spring 2014 DFC Dragons U8 Academy are \$150 per player.

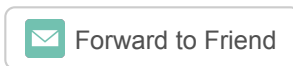

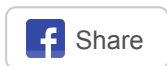

Enrollment will be limited in order to maintain an ideal ratio of coaches to players.

To register, please click on the registration button below or visit the registration page of DYSA's website @ www.duxburyyouthsoccer.org.

In order to register for the DFC Dragons U8 Academy, each child must also be registered for DYSA Mini Soccer for the Spring 2014 season.
