Need New Game Jerseys?

If you ordered jerseys at Commitment Night and were sized with the practice jerseys that we had available, we have concerns that their sizes do not correspond with the sizing of our game jerseys. To avoid any possible issues during the season, please stop by DK's to be properly fitted before we place the orders. Please bring your players shoulder pads with you. When you have the size all set, please email our new equipment manager, Brian Arsenault at bda01030@gmail.com.
