If payment is not received by this date, a late fee of \$100.00 can be assessed to the balance. We encourage use of the PAYMENT COUPON OPTION listed on the web-site.**

(*Game Shirt, USA Hockey IMR Forms and ONE mandatory fundraiser are not included in the tuition.*)

2. Players are expected to arrive at least 30 minutes prior to the first tryout session to check in and be assigned a tryout number. A player must be registered for the 2010-2011 season before he/she will be given a number. Each player (Squirt through Midget) is responsible for deciding what position that he/she would like to try-out for. However, if a player makes a team as a defenseman he/she could be asked to play forward by the coach during the year. Skaters need to have a **WHITE / YELLOW** jersey and a **BLACK/DARK** jersey with them on days of tryout sessions. **Note:** On some tryouts a player might wear **BLACK** and on another tryout a player might be wear **YELLOW**. Tryout numbers that are given out should be pinned on the back of each player's shirt. **Save the tryout number for the entire tryout process. The player must skate with the same number in all sessions.**
3. Given the large number of skaters, we have no choice but to start promptly on the ice. If you are late, your child may miss the opportunity to skate and be judged in all drills.

THE TRYOUT PROCESS

The tryout process has been designed to provide a fair and objective evaluation of all skaters. There are two phases in the tryout process.

NOTE: Game and Coaches' evaluations are not tryouts. They are tools for assisting in the proper placement of all players and goaltenders.

PHASE I Consists of two or three scrimmages and possibly some skating drills. All skaters and goaltenders will be judged throughout the tryouts. Game and coaches' evaluations may be used for tie breakers or a safety net for players who have bad tryouts. **After each tryout, some players and goaltenders numbers will be posted on the website. If your number is posted you do not have to attend anymore tryouts. You may only need to go to one tryout.**

PHASE II Is a tryout solely for our goaltenders. It will consist of various shooting drills to evaluate the talents of each goaltender on an individual basis. This phase as well as scores from Phase I will be used in the placement of the goaltenders at each level. Game and coaches' evaluations may also be used to assist on tie breakers.

Note: We place goalies at the level we feel he/she and the team would benefit. We will not put goaltenders on teams at higher levels just because we have extra goalies. If a goalie is placed on a team with another goalie then the discount applies. However, if a goalie is moved from a team with two goalies and becomes the only goalie on the new team the discount does not apply. Some teams may have two goaltenders. The Brewins are looking for goaltenders that are serious about their position. During the season, no goaltenders will be allowed to skate as a skater in a game/practice unless authorized by the Board of Directors of the Brewins Youth Hockey Association.

Judges for tryouts this year will be the Vice President, Coaching Coordinator, Level Directors, and Board members at large of the Brewins Youth Hockey Association. All evaluations will be submitted to the President of the Brewins Youth Hockey Association to validate fairness and authenticity in the selection process.

Tryout scoring and results are the property of the Brewins Youth Hockey Association. These results are only disclosed to the President, Vice President, Coaching Coordinator and Level Directors of the Brewins Youth Hockey Association. This policy is set forth to protect the participants' scoring and identity.

The amount of players per team will be based on talent and total number of players at a particular level. Every effort will be made to place 12 skaters and 1 goaltender on each A and B team at the conclusion of the tryout process. No A or B team will be filled during the tryout process or over the summer. Up to 3 spots on the A and B level rosters may be left open until the beginning of the 2010/2011 season. The coach selected for each team respectively will fill these spots with the approval of the Coaching Coordinator and the Level Director. Each coach will visit practices at their respective age level prior to making these determinations. This should allow for any player that may have been sick, missed the tryout, or had a bad tryout, the opportunity to make the A and B team in the fall.

Any player movement that the Board of Directors of the Brewins Youth Hockey Association deems necessary will be completed before the end of the second week of the practices in the fall. We reserve the right to transfer players between any team at any time up to November 1st of the 2010/2011 season. All C level teams must be balanced. Your child may be moved during the summer/fall to another C team. **Note: We will not move players from team to team for carpooling or to keep friendships etc. All teams must be balanced.**
