### Personal Statement

I am a very sporty person I love to play many sports and keep my self physically fit. The main sport I play is soccer and when I do the games are normally small sided. I also like to play volleyball, table tennis and badminton. I am an easy going person and easy to get along with.

I stay at home with my mum and dad, and I have 1 younger sister. Since I have came out to America to work for challenger I have absolutely enjoyed every experience, not only has it given me more coaching experiences and improved my own coaching ability it has made me many new friends with all the different families I have stayed with. This is one of the aspects I have loved over the years learning about different cultured and teaching other about mine.
