NCAA Final Four 2006

LACROSSE SCHOOL OVERVIEW

The Greg Cannella Lacrosse School's commitment to excellence begins with you. You will receive one on one and group attention with a concentration on developing the fundamentals of the beginner and the advanced player. You will learn the game of lacrosse broken down to the basic fundamentals and built up to team concepts and team tactics. Our staff is experienced in all the different aspects of the game of lacrosse, to ensure quality coaching for all participants.

The Greg Cannella Lacrosse School strives to be the best school it can be. Our field sessions are well organized, with an attention to detail, to maximize your time to learn. Our field sessions are located on the same training facility that our Division I lacrosse Program utilizes, which includes grass fields, and a **TURF STADIUM WITH LIGHTS**. We also work hard to accommodate the campers during the off field time. Pool times and Lecture Sessions will be available to all participants.
