Planning for a “check-point” week to measure and communicate skills needed. Looking to schedule some skill sessions.

**Parent Manager Update** – PM volunteer scheduling for Columbus tournament went well.

### **Open Discussion**

Dave Fritz...few ideas

- Raffle in essence, shoot the puck, \$50 to win either tuition or \$1000.
- Off season training – program for hawks kids, offer to train once or twice a week.

Board responded...very interested in strength training, like a raffle idea though concerned about tight ice times and logistics around that. General thought is that perhaps a variant of the idea. Overall, the hawks are looking at different options, and ones that fit our membership, for raising money.

### **Meeting Adjourned**

The regular meeting was adjourned before entering into executive session .
