

# NYHL Team Selection Process 2010/2011

Newburyport Youth Hockey tryouts will be held the week of April 12, 2010.

- ⊙ A tryout will produce a numerical Score/Ranking of all participants. Players and Goalies will have separate evaluations. Evaluators will not be related to any players that they are evaluating. If the situation warrants, the parent of a goalie candidate may be evaluating positional players or the parent of a positional player may be evaluating goalies.
- ⊙ The coaches from the 2009 – 2010 season have submitted evaluation rankings of all players from their respective teams.
- ⊙ The Level Coordinator, as in 2009 – 2010, will merge the scores from the tryouts with the 2009 – 2010 player evaluations from the coaches.
- ⊙ After the scores are compiled, the Selection Committee (Coaches and the level coordinator) will review the tryout scores and the player evaluations from the previous year and place the participants on the “Initial Team Rosters.”
- ⊙ The Initial Team Rosters will consist of 70% to 80% of the projected final team.
- ⊙ The Initial Team Rosters will be posted on the nyhl.org website.
- ⊙ The Coaches selection process will place a coach with the appropriate team.
- ⊙ The remaining open slots for each team will be filled during the parity portion of the 2010 – 2011 season.
- ⊙ The Coaching Coordinator will monitor movement during parity. If the Coaching Coordinator is in disagreement with a Coach regarding movement, the NYHL Board reserves the right to allow a third unrelated person to enter the discussion to find a solution.
- ⊙ If players are seemingly equal, the older player will be placed on the higher team.
- ⊙ Teams will be considered final when the Coaching Coordinator presents to the Board, for approval, the final rosters before September 30, 2010.
