Coaches Code of Ethics

1. THANK YOU FOR COACHING – Without you, there would be no soccer program.
2. Mini-Mites is a non-competitive league, please remember this when dealing with parents and other coaches out on the playing field.
3. The coach should be aware the he or she has tremendous influence on the players of his/her team for both good and bad, and so will never place the value of winning above the principles of sportsmanship and fair play.
4. It is the responsibility of the coach to familiarize himself/herself with the BAA soccer rules before the games begin.
5. The coach will be on the field during play.
6. The coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the game.
7. After the soccer season is over, it is the responsibility of the coach to return the team bags with all balls, first-aid kits, etc. on the designated return day.

Please share the following with your parents:

As Youth Sports get bigger, they need to remain fun

With fall sports about to begin, it seems like a good time to pass along a few tips to parents regarding their children's athletic endeavors.

These tips, some of which have been edited for length, come from Rick Wolff, a noted sports psychologist who has a website, www.sportparenting.org.

- Parents should be seen but not heard too often. Don't draw attention to yourself- the games are about the child, not you.
- If you have to say something, it should only be positive praise.
- Never criticize your kid and never, every criticize somebody else's.
- Let the coaches coach. It can only confuse a child to get instructions from two different sources.
- Referees are not to be abused in any way. They are not going to change a call or be influenced on future calls by you.
- It's OK to applaud a nice play by an opposing player. It's called SPORTSMANSHIP.
- Understand that you are a role model for the kids. They will follow your behavior.
- Try to give your kid a smile. Kids look to parents for approval. If you look like your having a good time, then he or she will feel the same way.

Dead ball – A term used to indicate a time when the ball is out of play. A goal cannot be scored while the ball is dead.

Drop Ball – A method in which a dead ball becomes alive. An official drops the ball to the ground. When the ball strikes the ground, it becomes alive and may be played by anyone.

Free-kick – A method in which a dead ball becomes alive. The ball is placed on the ground and, while motionless, it is kicked unchallenged in any direction prior to being touched by another player. A goal may not be scored on an “indirect” free-kick.

Goal Line – Shorter boundary lines. The entire line is within the field of play. Anyone may enter within the goal area.

Goalkeeper – The only designated player of each team who may handle the ball within his/her own penalty area.

Handling – Deliberately playing the ball with one’s hand or arm. Handling can only be done by the goalkeeper or by a throw-in.

Live Ball – A term that indicates that the ball has been legally kicked or thrown-in by a player, or dropped by an official and is in play.

Substitute – A team member who has properly reported to enter the game. A substitute becomes a player when he/she is beckoned onto the field of play by the official.

Substitution – The replacement of at least one player by a substitute.

Throw-In – A method by which a dead ball becomes alive. A player throws the ball using both hands. The ball must be delivered from behind and over the head in one continuous movement, while both feet are on the ground on or behind the touchline and the player must be facing the field.

Touchline – Longer boundary lines. The entire line is within the field of play.

Warning – A verbal admonition to a coach or player for conduct not in the best interest of the game. Repeat warnings will necessitate an official caution.

The Field Of Play

Soccer fields will be scaled for the age level playing on the field.

The lines belong to the field of play, a ball touching any line remains in play.

For safety purposes, the goals, including those which are portable, must be anchored securely to the ground.

Nets may be attached to the posts, crossbars and ground behind the goals. They should be supported and be so placed as to allow the goalkeeper ample room.

The Ball

Mini-Mites play with a Size #3 soccer ball.

The home team will provide the game ball.

If the ball deflates during play, it is declared dead where it was last played and the game is resumed by a dropped ball.

If the ball becomes deflated within the goal area, it is dropped outside the goal area nearest where the ball deflated.

The Number Of Players

- The maximum number of players on the field are 6 – 5 on the field and one in goal.
- The minimum number of players to start the game are 4 players.

- Coaches should try and play each player at a different position so that the players learn about the game of soccer.

Substitutions may be made with the consent of both coaches at the following times:

1. Prior to a throw in by the team with possession of the ball, if the team with possession substitutes, the other team may substitute as well.
2. Prior to a goal kick by either team
