We need new boys soccer uniforms and girls and boys lacrosse uniforms.

Talked about a new formula for replacing new uniforms.

Brought to a vote that every 4 years we replace uniforms after an assessment of those uniforms is made. It was approved.

Dann will check with baseball to see what their needs are and email the coaches to see what their needs are and prioritize them.

Cross-country has not used the trail budget for 2 years. Trail needs major work. 30-50 ft of boardwalk will need to be replaced. \$2400 to spend on repairs and Dann will look further into the price to take care of repairs.

Sheri told Dann that we have leftover Wal-Mart gift cards that he can use for bins for the equipment shed.

Round table discussion:

Sheri- nothing to discuss

Jeff- wrestling coach asked about emergency protocol. We talked about having emergency personnel at all home games/meets. Cost runs about \$50/hr. Discussion ensued about whether we can afford to pay and make that a standard. We agreed to have first responders at all home sports. Question on who will manage the schedule.

Jill: Waivers to protect us from pre-season workouts. Jill is going to work something up.

Troy: Randy will be head coach of Track and Field contingent on him submitting all of his paperwork. Having an issue with WCWAA and field space. Robert and Mr. Wray both agreed to make that phone call.

Tamara, Jamisha, Lee Anne, Sheri and Jill: Website update. Went through League Athletics and they can provide us what we need. Agreed to work with League Athletics as of March 1 in time for spring physicals. We voted to spend \$350 on upgrades to website; it was approved.
