

REFUND POLICY

Marlboro Youth Soccer Association (MYS) understands that sometimes plans change and that kids change their minds. We do have costs that are associated with each registration and need to account for them even if the player decides not to play in a season. This policy outlines the steps to request a refund and the amount that will be refunded based on the stage in the registration process that the refund request is made.

REQUESTING A REFUND

1. If a refund is to be considered it must be requested by the parent.
2. The request must be made to the Registrar outlining the reasons for the request.
3. All requests must be made prior to the final registration date for the season.
4. The request will be reviewed by the President, Vice President and the Registrar.
5. If the request is approved, the President will inform the Treasurer, who will refund the appropriate amount as soon as possible.
