

How to View Your Team's schedule and How to Make Changes

1. After you log into the web site select Teams > Schedule:

2. This should take you to your team schedule and if not use the drops to select the League and then your Team:

3. Once your schedule displays if are only seeing your games click on Show All Events to see your scheduled practices, Games and other league events. To see only your games click on Show Games Only and you will see this if you are viewing all Events:

4. On the event you would like to edit click on the Orange square icon to edit the event:

5. On the Games and Practices screen make the changes you would like to make and then at the bottom of the screen click Submit.
