

Recreation Director's Report
October 18, 2010
Tim Cavanaugh and Sue Buckley

Fall Season

Training - Cancellations due to rain affected 2 dates and we will work to make up those sessions. It was agreed that coaches that cancel on their own at the last minute/ or are no shows will probably not have training made up. It really depends on trainer availability. Training itself has gone well, although many coaches are only getting ½ an hour. Something we need to look at for future planning.

Coaches Code of Conduct distributed

Trophies ordered and are ready to be picked up

Last games are November 6th, which is Jamboree day; we will arrange to pick up equipment from non-returning coaches and coaches in the lower grades.

Post Season wrap up with the coordinators to be held Monday, November 8th. One thing we will discuss is the Coach Shirts. We are thinking that instead of getting the tie dyed shirts we will have coaches go to Recognitions, try on their size and we will order a nicer coach shirt that has our logo and says Coach. This is not something we will order every season.

3rd grade girls field moved from Hebron Ave to Rotary. They are extremely happy with this change and are working on a Thank You card to the Rotary Club from the girls.

Spring Season

We would like to open Registration early this year, so that we are out there when LAX and Baseball sends their notices. Shooting to open by December 1st. **Will the fee remain the same? We hope so.**
