Teams

Please consult the following pages for a description of each program division. For specific questions please contact the Director.

Equipment

We recommend that you purchase good quality products that have a reputation for good performance to include:

Hockey skates with plastic blade holder; hockey stick with wooden blade; shin pads; shoulder pads; elbow pads; hockey pants; hockey gloves; protective cup; neck protector; H.E.C.C. approved helmet and face mask with chinstrap.

Please note: All players PeeWee age and older must wear a colored internal mouth guard.

Goaltenders are required to wear a USA Hockey approved helmet and facemask; chest pads; arm and shoulder pads; leg pads and have a goal stick.

Initiation Program

Deb Wilper, Director

This program is for skaters age 4-8 and over. It follows the USA Hockey Initiation Program guidelines stressing skill development. The program begins in October, with information available in August and September by checking the website or calling the hotline.

Beginner Initiation South

Open to skaters 4-8 years of age and older with little or no skating skills. Emphasis will be on balance, forward and backward skating, crossover turns and stops. Equipment required: hockey skates, H.E.C.C. approved helmet and facemask, neck protector, elbow pads, hockey gloves and shin/knee pads.

20 Sessions (1x/week)

40 Sessions (2x/week)

8 AND UNDER DIVISION

Jeff Nagel 8U, Director

The program will integrate the ADM (American Development Model) utilizing a twice per week average practice schedule. A very strong focus will be put on all aspects of skill development.

Games will be played through the half ice house program under the Empire Amateur Hockey Conference. The focus will be on developing skills in a small area game environment. The smaller area allows players to develop at an accelerated pace due to a much higher number of puck touches, pass and shot opportunities. Players will also experience more frequent one on one competitive situation due to a smaller ice surface.

We will also be selecting a certain number of players based on age, skill level and interest to participate in full ice games against other organizations throughout upstate New York. The focus will be on developing player knowledge of the full ice game of hockey. This will help prepare them for the steps in their hockey development. (There will be additional costs associated for those chosen to participate in the full ice game program.)

All players must attend the on-ice player evaluation in April. Players should have a minimum of one year experience in a beginner learn to skate program.

House/Empire Division

Jim Yeager, Executive House Director
Tara Colon, House Director

The Monroe County Youth Hockey House Program plays in the Empire Amateur Hockey Conference against similar youth hockey organizations. The EAHC is comprised of teams from Canandaigua Youth Hockey, Finger Lakes Youth Hockey in Geneseo, Genesee County Youth Hockey in Batavia, Monroe County Youth Hockey, Perinton Youth Hockey, Tri-County Youth Hockey in Brockport, RYH and Webster Youth Hockey. The away games will be played at the ice rink facilities utilized by each of these organizations. The home games and practices are scheduled at Lakeshore Hockey Arena or Scottsville Ice Arena depending on the location for which the player is registered. The age groups (Squirt, PeeWee, Bantam and Midget) in the EAHC are broken down into divisions to provide an appropriate level of competition suited for all skill levels of young hockey players. MCYH conducts on-ice evaluations for its registrants, prior to team selection, to ensure the proper placement of each player.

No player can be allowed to participate without the proper equipment nor placed on a team below their age classification, without written approval from the USA Hockey District Registrar. MCYH requires that all coaches be USA Hockey certified and attend coaching clinics during the course of the season. Games are officiated by USA Hockey certified referees with safety of the players being of the utmost concern.

Please note: Rink placement will be determined on a first come, first paid in full basis. Please avoid disappointment by registering and paying in full when required.

The Empire Amateur Hockey Conference meetings are open to the public and are, generally held on the second Tuesday of the month.

Edge Girls Program Information

**For additional information on the Girls Program,
Contact Tracy Beal, Edge president**

Rochester Edge is pleased at the growth and success in its Girls' Program over the past few years. We hope you can join us for the fun.

The Girls Program is governed by the rules set forth by USA Hockey. There is no checking in any level of girls/women's hockey. You can visit USA Hockey's website for more information on girls/women's programs around the United States by visiting www.usahockey.com and clicking on "Girls/Women" under the "Players" heading.

The Girls Program Partners with the EDGE and competes in the Great Lakes Girls Hockey League (GLGHL). The GLGHL includes some of the finest girls' hockey organizations in the Northeast including teams from the Syracuse, Rochester and Buffalo areas as well as the NYS Southern Tier, Northern PA and Ohio regions. The league is expanding and more teams are added annually.

Within the GLGHL there are three (3) basic divisions. Tier I (A) travel, Tier II (B) travel and a non-tournament bound or house (C) division. The Tier I and Tier II travel divisions are strictly divided by age group (12U, 14U, 16U or 19U) and require tryouts. The "C" House division is divided into "Red", "White" & "Blue" divisions. "Red" is essentially a 12U division which allows some older players (13 or 14) who are beginners to be rostered. "White" is essentially a 14/16U division allowing some older girls if needed. Similarly, "Blue" is a 19U division. There is also a pre-season placement tournament to confirm team skill and properly assess teams for their intended division. This separation by age and skill along with the placement process gives girls and teams an opportunity to play closer to their skill level and not necessarily their age level.

Edge will conduct tryouts in April / May and appropriate teams will be formed at that time. Any player not selected to a travel team or wishing to skate only on a house or non-tournament bound team is invited to come to the house evaluation skate held later in April / May, following the completion of all travel team tryouts.

**For specific dates, times and locations, please check the website.
[Rochester Edge Girls Hockey \(leagueathletics.com\)](http://leagueathletics.com) for details.**

Monroe County Youth Hockey recognizes the need to supply a place for each player to utilize his or her talents to the fullest. There are always those few who have the ability and physical stamina to play at a level above their preferred age group. Any requests to play up must be submitted to the President of MCYH at least two weeks prior to the first tryout date. The initial request will be approved or denied within 48 hours after receipt of written request. This initial approval does not automatically place your child on a team.

With this in mind and knowing that this policy is only for the select few, please visit www.mcyh.org for more information.

Rules of Conduct

- (b) **All others:** The head coach should be advised prior to any absence from a team function. Tardiness or unreported absence from practices or games may result in reduced number of regular shifts (benching) during games.

General Misconduct

Misconduct on the ice, on the bench, in the locker room, or in any rink, home or away, will not be tolerated. Players are responsible for the appearance of their locker room and will leave it in as good or better condition than they find it.
