

AVON GROVE WILDCATS PROTECT A SMILE

McCormick Orthodontics has been creating beautiful smiles in Southern Chester County for 35 years now and both our experience and research has verified the benefits of using mouth guards. Mouth guards come in a variety of forms and different levels of protection. You can purchase a basic one size fits all mouth guard for approximately \$10-\$12 at any sporting goods store. There are more fitted mouth guards that range in size to better fit the player for approximately \$25. A custom fit mouth guard affords the most protection, and typically costs \$80 (not including two appointments for impressions and delivering the mouth guard). This is the mouth guard that is made from the mold of the teeth specifically for the player. A custom mouth guard fits more comfortably in the mouth, and doesn't inhibit breathing or speech. The real benefit of a custom mouth guard is the level of protection it provides for the teeth and jaws. Mouth guards can also offer some protection from concussion because they can absorb some of the force of a blow to the face and jaws. We would like to offer the opportunity to have a custom mouth guard made for your Wildcats football player or cheerleader for FREE!

In addition to providing your child with a free custom fit mouth guard, we will provide a FREE orthodontic screening appointment. At the orthodontic screening we will take an impression for the mouth guard and Dr. Joseph McCormick or Dr. Michaela McCormick will conduct a complimentary exam to determine if your child's bite and teeth need correction.

We offer this for two reasons: 1) we believe in the protection that a custom mouth guard provides and 2) we also believe in the benefits of a healthy bite, straight teeth and a killer smile! We have seen a good bit of mouth trauma in our day that could have been prevented with the right protection.

We have set aside special times in our schedule exclusively for the Wildcat football players and cheerleaders. Your child will need two appointments. At the first appointment, your child will have an impression taken to be fitted for the mouth guard and will meet with the doctor. At the second appointment, the mouth guard will be delivered. In order to schedule please call our Jennersville office at (610)869-5660 and mention the Wildcat Mouth Guard Program to schedule your child's impression and exam.

DON'T FORGET TO MENTION AG WILDCATS WHEN SCHEDULING!
