MASS BAY YOUTH LACROSSE LEAGUE Announces Endorsement of NE Stars

MBYLL wishes to endorse New England Stars as a lacrosse organization who shares in the MBYLL philosophies and champions its ideals. In an effort to grow the sport of lacrosse in the Commonwealth of Massachusetts through the promotion and support of community-based lacrosse (i.e. town programs), MBYLL is looking to identify and align with organizations who equally promote the importance of community-based lacrosse and who refrain from conducting their lacrosse offerings in the spring, which would conflict with town lacrosse leagues and deprive youth athletes the freedom and flexibility to play the sport with their town peers and friends.

New England Stars is an organization we are proud to align ourselves with. They join HGR Lacrosse as the only currently endorsed offseason lacrosse organizations.

With a highly certified and professional staff, NE Stars offers a unique opportunity for student athletes to maximize skill development along with strength, conditioning, and agility. Their passion for this sport is demonstrated by the commitment of the coaches, administrators, parents and most importantly: their players.
