## **MASS BAY YOUTH LACROSSE Announces Endorsement of Seven Hills Lacrosse**

MBYLL wishes to endorse Seven Hills as a lacrosse organization who shares in the MBYLL philosophies and champions its ideals. In an effort to grow the sport of lacrosse in the Commonwealth of Massachusetts through the promotion and support of community-based lacrosse (i.e. town programs), MBYLL is looking to identify and align with organizations who equally promote the importance of community-based lacrosse and who refrain from conducting their lacrosse offerings in the spring, which would conflict with town lacrosse leagues and deprive youth athletes the freedom and flexibility to play the sport with their town peers and friends.

Seven Hills Lacrosse is an organization we are proud to align ourselves with. They join HGR Lacrosse and the NE Stars as the only currently endorsed offseason lacrosse organizations.

Seven Hills was founded in the summer of 2012. The name is derived from the “Seven Hills” of Worcester, MA which is the training location of this program. The goal of Seven Hills Club Lacrosse is to provide Central Massachusetts male lacrosse players with the very best instruction and the opportunity to play in local and regional tournaments, while having a lot of fun playing this great sport with other Central Mass players.

The purpose of the developmental team is to provide Central Mass youth players (Graduating classes of 2021/2022 only) who are passionate about the game of lacrosse the opportunity to enhance their skill set and game sense by working with local area college and high school coaches at the highest level possible. This program WILL NOT infringe on the town programs and players will be encouraged to fully participate in their town program and /or their select town team.
