These fields are used by permit only. There is no open field policy of the first team at a site has the right to use the fields. The fields are owned and maintained by the Howard County Board of Education and we are allowed to use them at their discretion. Please use only the fields for which your organization holds a valid permit. Keep in mind that there are certain restrictions or closures that you may not be aware of if you are using an unauthorized field, and there may be liability ramifications if you are using a field you are not permitted for.

If for any reason you are using a field that you do not hold the permit to, and are approached by someone who holds a valid permit, please leave the field respectfully and immediately. The team with the permit has the right to use the field as they see fit, and should not be asked to share. Some locations have extra space that may not be in use by the permit holder. It is the sole discretion of the permitted team to allow the team without the permit to use the unused space, so long as there are no safety considerations. We as coaches are being looked at by our respective players to model the appropriate behaviors, and we owe it to them to act with sportsmanship and professionalism if a situation arises.

Thank you in advance for your cooperation.
