## FREQUENTLY ASKED QUESTIONS

**My 7<sup>th</sup> grader has never played lacrosse.**

**Is it too late to start?**

NO! We find that a child's hand-eye coordination improves significantly at this stage of development. So he is often able to pick up the fundamental skills faster than they would have in elementary school.

There are many athletes, including some of our coaches, who discovered lacrosse late and have gone on to love and excel in the sport.

**What about the coaches?**

All our staff are US Lacrosse Certified coaches and have been background checked prior to receiving their certification plus every two years thereafter.

**What equipment does my son  
need? Stick only, no pads.**

**What do I need to know about buying  
a boys lacrosse stick?**

A good pocket is more important than the stick and head. Most new sticks come with pockets that resemble tennis rackets and only serve to limit the enjoyment by beginners. Buy a used stick and have a new pocket strung up by someone who knows what it should look like. If you choose to buy new, we recommend it be restrung before using it.

TAMA Lacrosse is a great local source for youth lacrosse gear, including stringing pockets. For details on TAMA, stop by 4585 N Chestnut St (80907), call (719) 528-8262 or visit <http://tamalax.com/>
